Routine and Preventative Maintenance: You are required to perform and document all routine and preventative maintenance recommended by the vehicle's manufacturer. Failure to perform these tasks could void this warranty. Parts: Replacement of covered components may be made with parts of like, kind or quality and may be new, remanufactured, rebuilt, exchanged or serviceable used. Labor: Labor charges shall be based on All Data Labor Guide and hourly rates shall be within accepted industry and area standards. Deductible: You shall pay a deductible per covered component. All deductibles must be paid prior to you picking up the vehicle from dealership or repair facility. Rental Car Coverage: In the event that a covered repair requires repair facility labor in excess of five hours we will provide a rental car from A-1 Auto Rental free of charge. All rentals must come from A-1 Auto Rental. All rentals are due back within 24 hours of covered repair being completed. \$50 per day will be due for any rentals not returned within required time line. All terms and conditions required by A-1 Auto Rental must be met by you. Delays caused by unavailability of parts, shipping and repair facility schedules or other factors do not qualify for rental car. Limits of Liability: Our obligations to perform under the warranty cease when the cumulative benefits paid or payable exceed \$3800. Our obligations to perform any one covered component or mechanical breakdown under the warranty cease when the benefits paid or payable exceed \$2300.

FAILURE TO FOLLOW THE MANUFACTURERS RECOMMENDATIONS FOR SERVICING MAY RESULT IN THE DENIAL OF A REPAIR CLAIM.

You are not required to enter this limited warranty in order to purchase, lease or obtain financing for this vehicle.

This is an Application for a Limited Warranty. The selling dealer will submit a copy of this form to the Servicing Agent.

The obligations under this Limited Warranty are guaranteed by the administrator obligor-United Service Contract Administration, Inc.

If you should have any questions or encounter any problems, please call the Servicing Agent at 877-428-7252.

Certification: I have been explained the various coverage provisions. I understand that I have maintenance responsibilities to have the coverage continue. I also understand that a repair facility or I must contact the Administrator and have any and all repairs approved.

I have reviewed the coverage selected and acknowledged my agreement with this Non-refundable Limited Warranty valued at \$_____

I confirm that the above information is true and correct.

COVERAGES

STANDARD SECURITY - PLUS COVERAGE Axle assembly components (front and rear axles only): All internal lubricated components within the drive axle housing including: bearings, carrier assembly, gears, thrust washers, shafts and spacers. Drive axle housing, but only if damaged as a direct result of a Covered drive axle assembly component. In addition the following external drive axle parts: axle shafts, center support, bearing and mount, CV boots, CV joints, drive shaft, flex discs and viscous coupling. **Engine components:** All internal lubricated components including: camshaft and bearings, connecting rods and bearings, crankshaft and bearings, main bearings, distributor shaft, lifters, oil pump, oil pump gears and shaft, pistons and rings, push rods, rocker arms, rocker arm shafts and pivots, timing chain and guides, timing gears, timing belt and tensioner, valves, valve lash adjusters, valve seats, springs and guides, timing and valve covers, variable valve timing parts and wrist pins. Rotary engine components including apex seal, bearings, eccentric shaft and rotor, cylinder head, engine block and rotor housing but only if damaged as a direct result of a Breakdown of a Covered engine component. In addition, the following external engine parts: crankshaft pulley, EGR valve, engine oil reservoir and pump, flex plate, flywheel, harmonic balancer, intake manifold, intake valves, exhaust manifold and gasket, exhaust valves, oil pan, pulleys, ring gear, thermostat, PCM, catalytic converter, vacuum pump, engine mount, cylinder block and heads. **Transmission (automatic) components:** All internal lubricated components including: bands, bearings, carrier, steel drums, gears, governor, hubs, pump and housing, servos, shafts and valve body. Transmission case, only if damaged as a direct result of a Breakdown of a Covered transmission component. In addition, the following external transmission parts: torque converter, lock-up converter, vacuum modulator, transfer case control module, Engine Control Unit (ECU), Transmission Control Unit (TCU), friction and steel clutch plates, transmission mounts. **Transmission (manual) and transfer case components:** All internal lubricated components including: bearings, bushings, gears, hubs, shafts, shift rails and forks, synchronizers and drums, main drive gear and main shaft, overdrive housing, clutch components, release bearing. Transmission and transfer case, but only if damaged as a direct result of a Breakdown of a covered transmission or transfer case component. In addition seals and gaskets are only covered when required for a covered repair. **Factory Installed A/C:** Accumulator, dryer/receiver, blower motor and fan, compressor, compressor clutch and bearing, pulley assembly, condenser, evaporator, orifice tube, expansion valve, high/low cut-off switch, pressure cycling switch, idler pulley and bearings, ducts and plenum doors, electronic climate control head. **Brakes:** All internal lubricated parts, master cylinder, vacuum power assists boost and valve, vacuum booster pumps, hydro boosters, disc brake calipers and wheel cylinders, steel brake lines and hoses, pressure differential switch, parking brake control pedal and lever, backing plates. **Steering components:** Power steering pump, rack and pinion, steering gear box, idler arm and bushings, pitman arm, power steering pump pulley, mounting brackets and reservoir, tie rods, ends and sleeves, steering shaft pivot joint, center link, drag link and bushings, main and intermediate shaft. **Suspension components:** Upper and lower control arms and ball joints, leaf and coil springs, struts, wheel bearings and spindles, control arm bushings and shafts, stabilizer bar links and bushings, rigid beam axle, steering knuckles, strut bars and bushings, air suspension compressor, spindle supports, torsion bars, mounts and bushings, control module/processor. **Fuel System components:** Injectors, metering valve and pressure regulator, lines and fittings, fuel gauge and sending unit, fuel tank, fuel pump. **Cooling components:** Radiator, water pump, thermostat, electric radiator, fan motor and clutch, coolant recovery container, coolant temperature sensor, heater core. **Electrical system components:** Alternator, alternator bracket and pulley, cruise control, electronic ignition module, engine control module (ECM), horn, idle air control motor and valve (IAC), ignition coil, ignition coil pack and distributor, instrument cluster, knock sensors, manifold absolute pressure (MAP) sensors, mass air flow sensor, neutral safety switch, oxygen sensor-upstream and downstream, power lock actuators and switches, power window motors and switches, starter motor, starter motor drive assembly, starter solenoid, throttle position sensor, voltage regulator, vehicle speed sensors, windshield wiper motor, **Seals and Gasket components:** Cylinder head gasket, intake manifold gasket. All other seals and gaskets only if damaged as a direct result of a Breakdown of a covered component

EXCLUSIONS

AVPSM Limited Warranty will not pay anything for a Breakdown: 1. due to or contributed to by rust, corrosion, foreign objects and/or contamination of fuels, fluids, refrigerants, or lubricants; 2. due to freezing or overheating, due to any cause, including as a result of overheating due to water pump failure; 3. due to misuse, abuse or negligence including but not limited to Breakdowns that occur when not driving on legally marked roadways; 4. due to the lack of normal maintenance required by the manufacturer's maintenance schedule; 5. due to or caused by improper servicing or repairs; 6. due to the failure to maintain proper levels of oil, coolant, lubricants or fluids due to any cause; 7. due to cracked cylinder heads and/or cracked engine blocks unless caused by the failure of an internal lubricated part; 8. due to alterations, installations or modifications that have been made to Your Vehicle that do not meet the manufacturer's original specifications; or the use of Your Vehicle in a manner not recommended by the manufacturer; this includes but is not limited to, any custom or add-on part, all frame or suspension modifications, lift kits, oversized/undersized tires, emissions and/or exhaust systems modifications or engine modifications; 9. caused by collision, fire, theft, freezing, vandalism, riot, explosion, lightning, earthquake, windstorm, hail, water, flood, falling objects, acts of God or environmental damage; 10. covered by a Warranty or by any other manufacturer's or repairer's guarantee; 11. due to pulling a trailer or another vehicle unless Your Vehicle is equipped as recommended by the vehicle's manufacturer and the towed trailer or vehicle meets the manufacturer's limitations and specifications; 12. if Your Vehicle is used for a taxi, limousine, or shuttle; used for livery, hire, rental, delivery service, postal service, police, fire, ambulance, security or emergency service; snow removal, commercial towing, hauling, racing or other competition, principally for off-road use; 13. if Your Vehicle is used for commercial or business use by more than one driver on a regular basis; 14. repair or replacement made without prior approval from **AVPSM**; 15. caused by a non-Covered part; 16. if the odometer of Your Vehicle has ceased to operate, been altered, disconnected or replaced, and the Odometer Mileage in any way does not accurately reflect the actual mileage of Your Vehicle; 17. that has been determined to have existed prior to the purchase date of the Contract; or if the Breakdown does not occur during or is not reported to **AVPSM** within the term of the Contract; repairs to or replacement of: 18. any Covered part if a Breakdown has not occurred or if the wear on that part has not exceeded the tolerances allowed by the manufacturer but which a repair facility recommends or requires be repaired in connection with a Covered Breakdown; this includes any expense due to engineering upgrades; 19. piston rings and intake or exhaust valves which have not sustained a Breakdown but requiring removal of carbon deposits or other material by grinding and/or refacing of the valves or seats and cleaning and/or replacement of the pistons and piston rings to restore engine compression or reduce oil consumption; 20. any emission control devices, other than catalytic converter, solely to meet emissions standards required by State and/or Federal Law; 21. additional damage to Covered parts as a result of the failure to protect Your Vehicle from further damage when a Breakdown has occurred; 22. incidental or consequential loss or damage that is the result of a Covered Breakdown; this includes but is not limited to any liability whatsoever for economic loss, damage or injury to persons or property resulting from a Breakdown; further, Coverage is similarly limited for the loss of use, time, profit, inconvenience, lodging, food or any other incidental or consequential loss, except as specifically provided for by Travel and Lodging Coverage; This exclusion may not apply in some states which disallow the exclusion of incidental or consequential damages. 23. Breakdowns that occur and/or repairs made outside of the United States of America and Canada; 24. storage charges, freight or delivery charges for parts, shop supplies or hazardous waste disposal; 25. repair of water and air leaks, squeaks and rattles, wind noise, or alignment of body parts, bumpers, and glass; 26. Lifter noise; 27. four-wheel drive and all-wheel drive components; 28. All airbag components; 29. tire pressure monitors; 30. all diesel parts; 31. all modulated and computer controlled suspension components; 32. convertible top components; 33. all turbo charger components.

EXCLUDED VEHICLE COVERAGE

Vehicles with inoperative odometers, hybrid vehicles, electric vehicles, vehicles over 1 ton chassis or vehicles with mechanical failures at the time of sale are excluded. Commercial vehicles, vehicles used for ANY type of competition, rental cars, police vehicles, ambulances, tow vehicles, vehicles used for snow plowing are excluded

Minor loss of fluid and seepage is considered normal and is not a covered repair. The use of rebuilt, remanufactured, aftermarket or used parts of like kind and quality may be used in the completion of repairs. Parts removed from the vehicle, including cores, are property of the repair shop. The maximum payout per occurrence will be \$2300. The maximum payout for the term of this contract will be \$3800.
